Candidate Statement:

I am Tamanna, a Landscape Planner with over two years' experience collaborating within multidisciplinary teams to deliver sustainable landscape solutions. At LUC, my work encompasses landscape and strategic planning, including management aspects. As a member of LUC's Artificial Intelligence in Landscape Architecture for the Future team, I am actively contributing to the LI's agenda by championing the integration of AI to address the evolving demands of a changing climate, enhancing design resilience, operational efficiency, and innovation across the profession.

In my previous role as the Social Media Lead at LI Yorkshire and Humber, I enhanced member engagement and promoted LI standards by more than 70% across the branch's social media network, an achievement recognised in the LI Journal (Fall 2024). This experience gave me first-hand insight into the importance of communication, stakeholder engagement, and the role of digital presence in upholding the profession.

I seek the trustee position to further my experience and understanding of the LI's corporate strategy, legal duties and the challenges it faces in the wider industry. I love my work and more so the LI community at large, it has welcomed me with open arms. As a Board member, I hope to foster inclusive, forward-thinking leadership, amplifying LI's voice, strengthening its digital and community engagement, and ensuring its values are reflected across a diverse and dynamic professional landscape. It is my goal to contribute, protect and nurture the LI vision of the future of the industry, and my place within it.
